SAMSUNG TECHWIN

Actively Recruiting Dealers for Samsung Techwin CCTV

We are ramping up our recruitment of Closed Circuit Television/Surveillance System Dealers, VAR's, and Integrators, who are interested in:

- Top of the line product, with cutting edge technology, and an aggressive R&D department
- Direct to Dealer ONLY product - and our promise that we will never sell around our dealers
- Compatibility with a wide range of third party video management systems
- An growing line of product to meet the market demands of 2009 and beyond

If you would like more information on joining the [Samsung](#) team in the Pacific Northwest, please [contact us](#) to schedule a product line review, and let show you how we can help you to be more profitable, selling high quality equipment, in today's challenging and increasingly competitive marketplace.

Special Note for PSA Members: Samsung Techwin Product is available through PSA!

Software Servers/Storage Arrays for Video and Access

DNF Security manufactures the Falcon Series of Servers and Storage Arrays. Available in Tower and Rack mount chassis, the Falcon units are available with Quad Core CPU's, Dual Gigabit Ethernet Ports, up to 4 Terabyte storage (internal), up to 40TB supported. Units include 2GB High Speed Video Cache to support NVR and other Video applications. The units are perfect for Access Control or Building Automation servers as well, with 32 bit or 64 bit OS available to suit.

POE Extender

The Riggs Technology [NetExtender](#) makes it easy to extend Ethernet data and Power to any IEEE-802.3af compliant device. The unit supports 100 Mbs Full Duplex Bandwidth, is **IP66 Outdoor rated**, and is **Self Powering via PoE**. The NetExtender allows for any Power-over-Ethernet network to be extended up to 1640ft, by placing a NetExtender every 328ft.

The NetExtender technology allows for any network device using Power-over-Ethernet (class 0-3) to be powered via a single Cat5e cable that is terminated into a regular IEEE-802.3af power supply.

Riggs also manufactures a [POE Port Expander](#), and a the worlds first [POE Outdoor Camera Housing](#).

SAMSUNG

SAMSUNG TECHWIN [Hi-Res Day/Night Minidome](#)

The Samsung SID-460 minidome camera delivers performance and value in a small package (4.15" high, by 5.56" wide)!

Utilizing the Samsung WIV Chip-set and SSNR11 3-D Noise Reduction, this camera offers:

580TVL; True Day/Night operation with IR Cut Filter Removal (ICR); Programmable Smart Motion Detection and Privacy Masking; Digital Image Stabilization; and Highlight Compensation.

In addition, the 3D Pan/Tilt adjustment allows for mounting on sloped and angled surfaces. 3.8-9MM varifocal lens is standard.

All of this comes at a price far lower than you expect. Contact us for more information, and a demo of this outstanding unit, that is sure to become a standard item for successful integrators looking for the best value in indoor cameras.

Introducing the [Frederickson/Pacific Marketing](#) Website!

The Frederickson/Pacific Website is more than just a web presence for our company, with a contact number.

The site contains numerous Industry Links, including News; Associations; Specifiers; Government Agencies; and Distributors.

Also, on the Top Bar, we offer a Free Dealer Directory (and no, you don't have to be a customer of ours to add your company to the directory), and an Email List builder, so that we can target news releases and product info.

From the Contact page, you can ask for Literature, request a meeting, or simply ask a question.

If there is anything you would like to see added to the website, please let us know. Our intention is to make this site a tool to help you be successful. Remember: We don't make money, if **you** don't make money, so your success is our mission!
